

**Flip The Script: A Broadway Backwards Experience**  
*Nemasket Series – All Ages Welcome*

We are thrilled to announce auditions for *Flip The Script: A Broadway Backwards Experience*, a bold and imaginative cabaret-style production that celebrates creativity, individuality, and fearless storytelling.

---

### **About the Show**

This cabaret-style production will feature songs and performances from across the Broadway canon—but with a twist.

“**Backwards**” means flipping expectations and rethinking what these pieces can be. This could include:

- Genderbent casting
- Reimagined character perspectives
- Unexpected emotional interpretations
- Non-traditional staging or delivery

Instead of performing material as it is traditionally done, we want you to **reinvent it** and make it your own.

### **Some example ideas include:**

- A **genderbent rendition of “Maria” from *West Side Story*** that highlights a queer love story
- A **drag performance of “I Feel Pretty” from *West Side Story*** exploring identity and self-expression
- An **older couple performing “Lay All Your Love on Me” from *Mamma Mia!***, giving the song new emotional depth and perspective
- Turning an upbeat song into a ballad—or vice versa
- Performing a traditionally solo song as a duet or group piece

The possibilities are endless—we are looking for bold, thoughtful, and creative interpretations.
